Actually ... let's do a little test. **Patrick or Jennifer:** Let me know if you can access the files from the link below.

If you can, that will let me know that anyone can access these files by virtue of being on posted our ECAD share point site. In which case, I may need to think about storing any more sensitive file information in a one drive going forward...

Lower Umatilla Basin GWMA 1431 Petition

Thanks,

Peter

All –

I dropped our notes from today's meeting in the "internal deliberative Review" folder in the Lower Umatilla Basin GWMA 1431 Petition on the ECAD sharepoint site. Notes include actions items. For example, Peter will be granting you access to this site if you don't already have it.

Thanks.
